

**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings, of claims in the application:

Claim 1 (currently amended): An electrical cable comprising:

- a) a plurality of spaced, parallel flat conductors ~~each of said plurality of flat conductors having been previously integral with each immediately adjacent flat conductor~~
- b) at least one web of dielectric material, wherein said web of dielectric material has been stretched to hold said conductors in said spaced, parallel relationship.

Claim 2 (original): The electrical cable of Claim 1, wherein said conductors are metal.

Claim 3 (canceled)

Claim 4 (original): The electrical cable of Claim 1, wherein said dielectric material comprises a polymer.

Claim 5 (original): The electrical cable of Claim 1, wherein said dielectric material comprises a nonwoven.

Claim 6 (currently amended): The electrical cable of Claim 1, wherein said dielectric material comprises ~~PTFE~~ polytetrafluoroethylene.

Claim 7 (currently amended): The electrical cable of Claim 1, wherein said dielectric material comprises expanded ~~PTFE~~ polytetrafluoroethylene.

Claim 8 (original): The electrical cable of Claim 1, wherein said dielectric material comprises microporous film.

Claims 9-16 (withdrawn)

Claim 17 (new): The electrical cable of Claim 1, wherein said web of dielectric material exhibits a reduced density and reduced dielectric constant.
